ABOUT US

ATB is a professional engineering firm specializing in Traffic Management and Road Safety solutions. With a highly experienced and knowledgeable team, we deliver innovative and reliable services that ensure safe and efficient road operations. Our strong reputation with Ashghal and the Ministry of Interior (MOI) reflects our commitment to quality, compliance, and excellence across every project.

OUR MISSION

Delivering smart and reliable Traffic Management and Road Safety solutions that make every journey safer.

OUR VISION

To become a trusted leader in Traffic Management and Road Safety across Qatar and the Middle East.

WHY CHOOSE US ?

We stand out through our dedication to excellence and innovation. With years of experience working alongside Ashghal and the Ministry of Interior, we have built a reputation for trust and quality. Our solutions are not just compliant — they are forward-thinking, efficient, and designed to make roads safer for everyone.

Follow us

OUR SERVICES

ROAD MARKING

We offer high-quality road marking services using Thermoplastic Paint, Two - Component Cold Plastic Paint, Cycle Track Coating, and Road Marking Removal — ensuring durability and visibility.

OUR SERVICES

TRAFFIC SIGNAGES

ATB supplies and installs both permanent and temporary traffic signs, designed and implemented as per Ashghal standards for clear communication and safety

OUR SERVICES

INTERLOCK AND KERB STONE WORKS

We provide all types of interlock and kerb stone works using high-quality and long-lasting materials, ensuring durability and a superior finish.

OUR SERVICES

VEHICLE RESTRAINT SYSTEMS (VRS)

We supply and install various safety barriers, crash cushions, guard rails, fish tails, and terminal systems — ensuring maximum roadside protection.

OUR SERVICES

TRAFFIC MANAGEMENT ADVICE & CONSULTATION

We provide professional consultancy for Traffic Management projects, including planning, supervision, and site coordination, led by experienced STMS and STMP personnel.

OUR SERVICES

ROAD SAFETY AUDITS

ATB conducts comprehensive Road Safety Audits (RSA) across all project stages — design, planning, construction, and operation.

Our certified team identifies potential safety issues and delivers practical, data-driven solutions to enhance safety and compliance for all road users. With strong local experience and technical expertise, ATB supports Qatar's vision for safer and smarter road networks.

HOW OUR TEAM WORKS?

At ATB, teamwork is the foundation of our success. Our highly skilled engineers, planners, and safety experts work together with a shared vision — to deliver innovative, reliable, and safe traffic management solutions. We believe in collaboration, open communication, and mutual respect, ensuring every project benefits from the collective expertise of our team. By combining technical excellence with a cooperative spirit, we consistently achieve results that exceed client expectations and enhance road safety standards across every project we undertake.
